2. Page two of the summary report shows the status of the CMHSPs as of July 31, 2025. Monroe is temporarily showing a loss due to showing the expenses of the provider stabilization payments before booking the revenue. Monroe should return to a surplus status in August.

#### **FISCAL YEAR 2025 UPDATE**

#### Medicaid

The Carry Forward from FY 2024 is shown on the August report. This resulted in overall, Medicaid payments at 11.5% above budget. Waivers, Autism, HRA, CCBHC and Carry Forward are all higher than budget and Medicaid and HMP lower. Waivers and CCBHC are pass-through payments to the CMHs. This results in overall payments to the CMHs being (10.9%) above budget.

#### **SUBSTANCE USE**

Healthy Michigan SUD revenue is (11.6%) below budget. Healthy Michigan and Medicaid Substance Use Service Revenue is lower than budget and Grant revenue is below budget. Substance Use expenses are (2.0%) below budget.

#### **PIHP Administration**

PIHP revenue is 0.8% over budget due to increased estimated incentive revenue. PIHP expenses are (7.1%) below budget due to previously unfilled positions and lower Contracts and Other Expenses.

#### June 2025 OPB REPORT

The OPB report provides a more detailed view of how Healthy Michigan, Medicaid, PA2 and Grants fund the Substance Use services in Region 6. With the end of ARPA expenses in FY 2025, FY 2025 Substance Use service expenses are trending lower than FY 2024 expenses.

#### Regional Board Action Request – FY2026 CMHPSM Revised Budget

Board Meeting Date: October 8, 2025

Action Requested: Review the revised FY2026 CMHPSM annual budget.

Background: The FY2026 revised budget is representative of and in adherence to the

expectations and requirements derived from the revenue contracts entered into by the CMHPSM with the Michigan Department of Health and Human Services (MDHHS). We received updated rate information on FY2026 final rates on September 30, 2025. We have incorporated a new FY2026 revenue projection based upon the final FY2026 rates and any CMHPSM expense changes made at

the September Board meeting (Cost of Living Increase).

Connection to PIHP/MDHHS Contract, Regional Strategic Plan or Shared Governance Model:

The Regional Board reviews and approves an annual budget for the CMHPSM per the Financial Stability and Risk Reserve Management Board Governance Policy.

Recommend: Approval

Model Motion: I move that the Fiscal Year 2026 CMHPSM revised budget be approved as

presented.

## COMMUNITY MENTAL HEALTH PARTNERSHIP OF SOUTHEAST MICHIGAN EXHIBIT A: FINANCIAL INTEREST DISCLOSURE STATEMENT

#### **Definitions**

**Compensation**. Compensation includes direct and indirect renumeration as well as gifts or favors that are not insubstantial.

**Covered Person**. A "Covered Person" refers to all persons covered by this policy and includes:

- Members of the CMHPSM's Board (Directors)
- Members of the CMHPSM's Oversight Policy Board
- Officers of CMHPSM
- Individuals to whom the board delegated authority
- Employees, agents, or contractors of CMHPSM who have responsibilities or influence over CMHPSM similar to that of officers, directors, or trustees; or who have or share the authority to control \$100 or more of CMHPSM's expenditures, operating budget, or compensation for employees.

**Conflict of interest**. A conflict of interest refers to a situation where a Covered Person has a real or seeming incompatibility between one's financial or personal private interests and the interest of the CMHPSM. This type of situation arises when a Covered person; the Covered Person's Family member; or the organization that the Covered Person serves as an officer, director, trustee, or employee, has a financial or personal interest in the entity in which the Covered Person participates or proposes to participate in a transaction, arrangement, proceeding or other matter.

**Family Member** means a spouse, parent, children (natural or adopted), sibling (whole or half-blood), father-in-law, mother-in-law, grandchildren, great-grandchildren, and spouses of siblings, children, grandchildren, great grandchildren, and all step family members, wherever they reside, and any person(s) sharing the same living quarters in an intimate, personal relationship that could affect business decisions of the Covered Person in a manner that conflicts with this Policy.

**Financial Interest**. A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- A. An ownership or investment interest in, or serves in a governance or management capacity for, any entity with which CMHPSM has a transaction or arrangement; B. A compensation arrangement with CMHPSM or with any entity or individual with which CMHPSM is negotiating a transaction or arrangement; or
- C. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which CMHPSM is negotiating a transaction or arrangement;
- D. A financial interest is not necessarily a conflict of interest. Under Article III, section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

## **CEO** Report

# Community Mental Health Partnership of Southeast Michigan

### Submitted to the CMHPSM Board of Directors

October 2, 2025 for the October 8, 2025 Meeting

#### CMHPSM Update

- The CMHPSM conducted an all-staff meeting on September 22, 2025 and will meet on October 14 and potentially October 27. We utilize these staff meetings to have fuller discussions on the MDHHS PIHP procurement effort in addition to all of our regular agenda items.
- The CMHPSM leadership team continues to meet on a weekly basis on Tuesday mornings. We have expanded the first meeting of each month to include the three additional staff that supervise staff at the CMHPSM. These leadership/manager meetings will allow the CMHPSM to ensure standardization of human resource efforts related to the supervision of CMHPSM staff.

#### CMHPSM Staffing Update

- Kate Hendricks has been promoted to Clinical Treatment Manager at the CMHPSM as of October 1, 2025. Kate has been with the CMHPSM for over five years as the SUD Treatment and Utilization Specialist. We are very excited to have Kate start her new role which, was previously held by Joelen Kersten.
- We will be posting Kate's previous SUD Treatment and Utilization Specialist position in October.
- CMHPSM job posting and other career information can be found here: https://www.cmhpsm.org/interested-in-employment

#### Regional Update

- Our regional committees continue to meet using remote meeting technology and expect we will continue to do so until that option is no longer feasible.
- The Regional Operations Committee, which includes the four CMHSP directors and the CMHPSM CEO, continues to meet on a weekly basis.

#### Statewide Update

- All available information on the PIHP rate changes being implemented for FY2025, reflects that MDHHS recouped and repaid the vast majority of capitation payments in an accurate manner. We received FY2025 revenue as projected with the multiple rate changes that occurred during FY2025.
- The CMHPSM has not signed the FY2026 contract that was presented for signature by MDHHS with no negotiations during FY2025.
- Updates on the FY2025 lawsuit will be provided at the meeting if available.
- Final FY2026 rate information was provided by MDHHS to the CMHPSM on September 30, 2025. We have included a revised revenue projection within a revised budget which we estimate will eliminate the projected utilization of Internal Service Funds that was included in our regular budget.

#### Potential PIHP Procurement Update

- PIHP Procurement RFP#250000002670 was published late afternoon Monday August 4, 2025. The original bid submission deadline was moved from September 29, 2025 to October 13, 2025.
- Procurement solicitation information continues to be shared within a Teams channel specifically related to this topic. Staff can ask questions, have discussions and leadership will share up to date information within the channel.
- The proposed geographic regions have remained the same as pre-procurement information indicated. Our geographic region of Lenawee, Livingston, Monroe and Washtenaw counties is incorporated into the Central Region, which encompasses 44 Counties and 33 CMHSPs.
- A lawsuit was filed on August 29, 2025 related to the requirements within the PIHP procurement RFP. The litigation came together in partnership with CMHAM and multiple PIHPs and CMHSPs. Three PIHPS, Southwest Behavioral Health Region 4, Midstate Health Network Region 5 and Region 10 were identified as named plaintiffs in addition to three CMHSPs within those respective regions: St. Clair County CMHA (Region 10), Integrated Services of Kalamazoo (Region 4) and Saginaw County CMHA (Region 5).
- A hearing is scheduled for October 9, 2025 related to the procurement lawsuit.
- We will share more up-to-date information at the September Board meeting.

#### State and Federal FY2026 Budget Updates

- We are paying close attention to the ongoing state and federal budget situations and will continue communicating with providers and other stakeholders as needed.
- As of 12:01AM October 1, 2025 the federal government has shut down.
- In the early hours of October 1, 2025 the State of Michigan passed a bill that allowed the legislature and governor to continue work on the FY2026 budget. We hope that a FY2026 state budget is fully approved and we have more information available for the October meeting. As of this writing, the FY2026 State of Michigan budget has not been approved.
- A concurrent state and federal government shutdown has never occurred within Michigan's history.
- The federal shutdown and state budget delays do not impact Medicaid or Healthy Michigan services; we will continue all managed care work related to these essential programs.
- As of this writing, we do not have an executed grant contract with MDHHS to fund multiple substance use service programs. We notified providers of the funding limitations and uncertainty for FY2026 on October 1, 2025. We are hopeful that an approved State of Michigan FY2026 budget will bring forth authorization for those programs to be funded. As of this writing, only local PA2 funded programs are authorized for FY2026 expenses within our grants department.

Projects not approved for FY2026 funding as of this writing (10/2/2025):

- Block Grant Funded SUD Treatment Services (currently authorized treatment will be covered by PA2 funding as necessary, waitlist created for uninsured individuals requesting service beginning 10/1/2025)
- Block Grant Funded Prevention Services
- State Opioid Response (SOR) funded programs
- Gambling Prevention
- Healing and Recovery Fund projects (Opioid Settlement Funding)
- Veterans Service Navigation
- Priority Population Navigation
- o All other non-PA2 grant funded programming

#### Future Meetings

• We are planning to cover the following items on upcoming agendas:

#### **December 10, 2025 Meeting**

o FY2027 PIHP Procurement Update

Respectfully Submitted,

James Colaianne, MPA

| CMHPSM will develop a performance measure to improve accuracy and timeliness of encounter (SAL) submissions to that impact state measures of the FY26-29 MDDHS BH Quality Transformation Plan | MDHHS is creating a new set of quality measures to be enacted starting in Jan 2026. These measures will align with national standards, and will largely be calculated from encounters and claims data. CMHPSM is working on timeliness of SAL/encounter data to ensure we have the ability to monitor these new metrics in a timely fashion, as the state's data will come with a minimum 6 month lag time. | Regional CPT committee participated in discussions for development of the SAL measure.  | SAL measure<br>report was<br>developed;<br>data gathering<br>and analysis<br>for baseline<br>information is<br>pending. | Baseline data<br>analysis in<br>progress  |                    |

CMHPSM partners agreed to create an overutilization project based on readmission to an inpatient psychiatric unit within 30 days as overutilization of that service, with the aim of helping people served. **Underutilization project:** Assess HSW members not receiving monthly services that qualify them for HSW enrollment as potential underutilization, including potential risks of maintaining HSW enrollment with the ending of public health emergency and subsequent enrollment exceptions. Including following factors:

- Utilization of monthly habilitative services
- Authorized services vs utilized services
- Service delays and proper ABD notice where applicable
- Person given choice of provider and HSW services

PIHPs are required by federal Medicaid Managed Care standards to conduct overutilization and underutilization projects. CMHPSM partners agreed to create an underutilization project based on people enrolled in the Habilitation Services Waiver receiving at least one service per month based on the high needs of people enrolled in HSW. Not receiving at least one service per month is considered underutilization based on the high needs of people enrolled in HSW.

If the exception process is used, the reason for the exception is documented and reviewed at the supervisory level | The state required each PIHP to develop a parity program to promote consistent behavioral health service decisions and prevent too many or too few services being authorized. Level of care systems are based on population served and levels of need assessed by clinical staff. Higher levels = higher/more complex needs, larger array of services, larger number of services. The Regional Utilization Management/Review Committee reviews whether our region is using the LOC system compliantly and analyzes any trends for improvements.
