

COMMUNITY MENTAL HEALTH PARTNERSHIP OF SOUTHEAST MICHIGAN/PIHP	<i>Policy</i> <i>Advance Directives & Do Not Resuscitate Orders</i>
Department: Clinical Performance Team Author:	Local Policy Number (if used)
Regional Operations Committee Approval Date 6/10/20	Implementation Date 8/10/20

I. PURPOSE

This policy establishes standards by which the Community Mental Health Partnership of Southeast Michigan (CMHPSM) responds to consumers' rights and choices with advance directives and end of life care. This policy establishes procedures for notifying consumers of relevant state laws and agency policies to assist them with their decision making in these areas; and establishes procedures in which the CMHPSM addresses the special needs of consumers and their families during end of life care. This policy also states the CMHPSM position on hospice/end of life care and identifies the requirements for responding to requests by consumers or their legal representatives to honor Do-Not-Resuscitate Orders.

II. REVISION HISTORY

DATE	REV. NO.	MODIFICATION
1/6/2006	New	
5/23/2013	1	Revised to reflect the new regional entity effective January 1, 2014.
9/14/2016	2	Due for review.
3/13/2020	3	Cyclical review and revisions based on HSAG EQR review

III. APPLICATION

All staff, students, volunteers within the CMHPSM, and/or contractual agencies within the regional provider network (mental health and substance use disorder services).

IV. POLICY

The CMHPSM supports consumers' rights to develop advance directives as tools by which consumers can exercise self-determination where possible and

enhance communication between consumers, their families/friends, and healthcare professionals. The CMHSPM supports consumers' rights to make decisions regarding their end of life care where possible and in accordance with applicable laws. CMHPSM staff shall inform consumers of their right to develop advance directives, including assisting consumers with information or resources in understanding the implementation of and revocability with advanced directives.

V. DEFINITIONS

Advance Directive: A legally bound notarized document signed by a legally competent adult giving direction to healthcare providers about consumers' treatment choices in specific circumstances including but not limited to medical or psychiatric situations.

Crisis: An emergent situation that is likely to cause reduced levels of functioning in primary aspects of the consumer's life if not addressed as soon as possible.

Community Mental Health Partnership of Southeastern Michigan (CMHPSM): This is the regional entity of the four CMHSP's that provide services to consumers either directly or through contract agencies.

Community Mental Health Services Program (CMHSP): This is the agency where services are provided to consumers either directly or through contract agencies.

Devisee: A person who is devised to receive the gift of real property (usually real estate) from a person's last will and testament after the testator's death.

Do-Not-Resuscitate (DNR) Order: A document executed pursuant to Section 3 of the Michigan Do Not Resuscitate Procedure which states that in the event a patient suffers cessation of both spontaneous respiration and circulation, no resuscitation will be initiated.

Durable Power of Attorney (DPOA) - Health Care: A legal advance directive that names a person (Patient Advocate) to act on the signer's behalf in enacting decisions about the signer's medical care if the signer becomes unable to make medical decisions for him or herself.

Individual Crisis Plan: A consumer driven document in which the consumer decides what issues to address in a crisis, which people will be enlisted for support during the crisis, and who will get a copy of the plan. This is a non-legal binding document.

Licensed Hospice Program: A health care program that provides coordinated services for an individual diagnosed with disease/condition with a terminal prognosis. These services are rendered at home or in an outpatient or institutional setting that is licensed under article 17 of the Public Health Code. (PA 368 of 1978).

Patient Advocate: An individual designated to exercise powers concerning another individual's care and medical or mental health treatment, or authorized to make an anatomical gift on behalf of another individual, or both. This person is identified in an advance directive/durable power of attorney as the individual with the ability to act on behalf of the signer in enacting decisions about the signer's medical or psychiatric care if the signer becomes unable to make medical or psychiatric care decisions for him or herself.

Sound Mind: Having an understanding of one's actions and reasonable knowledge of one's family, possessions and surroundings.

VI. STANDARDS

A. General Standards

1. The Person Centered Planning process is the mechanism with which the CMHPSM shall use to facilitate communication around the differences between a crisis plan, a health care advanced directive, and a psychiatric advanced directive, including how consumers may access addition materials and supports to enact one. For those consumers who have identified that they have a crisis plan, health care advanced directive, or a psychiatric advanced directive, the Person Centered Planning process will also be an opportunity for consumers to update or review their plan if they desire.
2. In accordance with the Medicaid Managed Care Rules, , the CMHSP shall provide all adult consumers with written information at least annually on advance directives policy and applicable state laws, and their rights under those laws.
3. In the event of changes in Michigan law regarding advance directives, the CMHPSM will reflect those changes in written policy and in information provided to consumers. Changes will be made within 90 days after the law becomes effective.
4. All adult consumers will be informed that complaints concerning non-compliance with advance directive policy may be filed through the grievance process of the local CMHSP. This may be done through the Member Services department, the Office of Consumer Rights, or by contacting any staff member within a CMHSP.
5. The Person Centered Planning process is used to facilitate the discussion around the policy statements around the use of a crisis plan, advance directive, or a durable power of attorney. A consumer may request a referral for assistance in establishing a crisis plan or a durable power of attorney.
6. All providers in the CMHPSM system of care are prohibited from conditioning the provision of care based on whether or not the individual has executed an advance directive.

B. Advance Directives - Psychiatric and Medical/Durable Power of Attorney- Health Care

1. An adult consumer who is of sound mind has the right to enact a Durable Power of Attorney-Health Care, in accordance with the Michigan Patient Self Determination Act.
2. An adult consumer who is of sound mind has the right to enact a psychiatric advanced directive, in accordance with the Michigan Estates and Protected Individuals Code (Public Act 386 of 1998) and the Michigan Mental Health Code.
3. The CMHPSM, in accordance with Michigan law, does not allow the following people/titles to enact advance directives on behalf of their ward:
 - Guardians
 - Spouses
 - Parents
 - Children
 - Grandchildren
 - Siblings
 - Presumptive heirs
 - Known devisees at the time of the witnessing
 - Physicians
 - Patient advocates
 - Employees of a life or health insurance provider for the patient
 - Employees of a health facility that is treating the patient
 - Employees of a home for the aged where the patient resides as defined in section 20106 of the public health code, 1978 PA 368, MCL 333.20106.
4. The CMHSP will ensure that the consumer's paper and electronic record accurately and clearly reflects the most current Durable Power of Attorney and/or medical or psychiatric advance directive. It is the consumers' responsibility to provide CMHSPM staff with any revisions, revocations (where allowed by law), or updates to their advance directive(s).

C. End of Life Care including Do Not Resuscitate Orders

1. An adult consumer who is of sound mind has the right to enact a Do-Not-Resuscitate (DNR) order as allowed by the Michigan Do-Not-Resuscitate Procedure Act. A DNR for a consumer may be enacted in a setting outside of a hospital, a nursing home, or a mental health facility owned or operated by the Department of Health and Human Services.
By Michigan law a DNR may be enacted to:
 - provide that certain actions be taken and certain actions not be taken with respect to such an order;
 - provide for the revocation of a do-not-resuscitate order;
 - prohibit certain persons and organizations from requiring the execution of such an order as a condition of receiving coverage, benefits, or services

- prohibit certain actions by certain insurers;
- exempt certain persons from penalties and liabilities; and
- prescribe liabilities.

Please refer to the DNR orders procedures in this policy.

2. CMHPSM employees, contractual staff and volunteers can only honor the DNR order is if the consumer is enrolled in a licensed hospice setting.
3. CMHPSM and its staff along with contractual agencies in accordance with Michigan Law, is not subject to civil or criminal liability for either of the following:
 - a. Attempting to resuscitate an individual who has executed a do-not-resuscitate order or on whose behalf an order has been executed if the person or organization has no actual notice of the order.
 - b. Failing to resuscitate an individual who has revoked a do-not-resuscitate order or on whose behalf a do-not-resuscitate order has been revoked, if the person or organization does not receive actual notice of the revocation.
 - c. A person or organization is not subject to civil or criminal liability for withholding resuscitative procedures from a declarant in accordance with this act.
4. All CMHPSM employees, contract staff and volunteers are to be aware of special issues related to end of life planning for consumers, their families and support networks. These may include, but are not limited to, the following:
 - a. Advocating appropriate medical attention, including palliative care, through making referrals to the consumer's Primary Care Physician. This may include asking the consumer/guardian to consider talking with their physician about Hospice Care.
 - b. Discussing with the consumer/guardian, and family when applicable, whether supportive counseling about end-of-life issues might be helpful.
 - c. Discussing with the consumer/guardian and family when applicable, whether staff can help facilitate contact with a local religious community of the consumer's choice to receive treatment by spiritual means.
 - d. While respecting the wishes of the consumer/guardian and within the limits of the laws requiring confidentiality of consumer information, providing information and referral to family and friends of the consumer which will help them cope with the consumer's situation.
 - e. Providing information about more tangible affairs such as making out a living will and/or the appointment of a patient advocate to make decisions as the end nears, organ donation, collecting/donating property, funeral expenses, etc.
 - f. Identifying, when possible, the person legally responsible to provide consent for an autopsy upon the consumer's death, and preparing to discuss the benefit of and request for an autopsy with that person. Staff shall seek any necessary technical and supportive assistance with this task, given its sensitive nature, to assure being properly prepared prior to the death of the consumer.

5. If a consumer is enrolled in a licensed hospice program, CMHPSM will ensure that all staff, students or volunteers who regularly work with that consumer will receive appropriate in- servicing by hospice staff, or a hospice trained staff, on special needs and issues related to that consumer's care.
6. All CMHPSM staff, students, volunteers and contractual staff of CMHPSM and/or its providers, will immediately contact the appropriate emergency response number should a consumer appear to require emergency care:
 - a. If the consumer is not enrolled in a licensed hospice program, all covered staff, students and volunteers must see that 911 is called and initiate CPR/First Aid until the emergency responders arrive to take over. If staff has reason to believe that the consumer may have filed a Do-Not-Resuscitate Order with their Primary Care Physician, they will provide the Emergency responders with the consumer's Primary Care Physician's phone number. If a consumer wears a "Do-Not-Resuscitate" identification bracelet, as provided for in the MDNRPA, the PCP's number will be on the bracelet. The Emergency responders are empowered by the MDNRPA to determine what action to take next.
 - b. If the consumer is enrolled in a licensed hospice program, the Michigan Do-Not-Resuscitate Procedure Act allows for an emergency call to be placed to an enrolled consumer's licensed hospice provider, rather than to 911, and prior to attempting CPR, if a consumer appears to suffer cessation of both spontaneous respiration and circulation. **For any other emergency (accidents, falls, illness, etc.) staff will seek emergency care as usual.**
7. The CMHSPM will ensure that the consumer's paper and electronic record reflects the most current DNR order. It is the consumers' responsibility to provide CMHSPM staff with any revisions, revocations (where allowed by law), or updates to their DNR order.

D. Crisis Planning

1. An adult consumer of the CMHSP has the right to enact a Crisis Plan in accordance with agency procedures. This is a non-legal binding document that a consumer may complete that explains certain details related to a consumers life that may be addressed should there be a crisis. A crisis may be in the form of but not limited to an environmental crisis, psychiatric crisis, or death of a guardian. Please refer to the Individual Crisis Planning procedure of this policy.
2. The consumer's paper and electronic record **must** include a copy of the current Individual Crisis Plan if the consumer has delegated any responsibilities in the plan to a CMHSP staff person. If the CMHSP has no designated responsibilities in the Individual Crisis Plan, a copy of the Individual Crisis Plan will be included in the paper and electronic record at the consumer's request. It is the consumers' responsibility to provide CMHSPM staff with any revisions, revocations, or updates to their crisis plan.

VII. DEFINITIONS

Advance Directive: A legally bound notarized document signed by a legally competent adult giving direction to healthcare providers about consumers' treatment choices in specific circumstances including but not limited to medical or psychiatric situations.

Crisis: An emergent situation that is likely to cause reduced levels of functioning in primary aspects of the consumer's life if not addressed as soon as possible.

Community Mental Health Partnership of Southeastern Michigan (CMHPSM): This is the regional entity of the four CMHSP's that provide services to consumers either directly or through contract agencies.

Community Mental Health Services Program (CMHSP): This is the agency where services are provided to consumers either directly or through contract agencies.

Devisee: A person who is devised to receive the gift of real property (usually real estate) from a person's last will and testament after the testator's death.

Do-Not-Resuscitate (DNR) Order: A document executed pursuant to Section 3 of the Michigan Do Not Resuscitate Procedure which states that in the event a patient suffers cessation of both spontaneous respiration and circulation, no resuscitation will be initiated.

Durable Power of Attorney (DPOA)- Health Care: A legal advance directive that names a person (Patient Advocate) to act on the signer's behalf in enacting decisions about the signer's medical care if the signer becomes unable to make medical decisions for him or herself.

Individual Crisis Plan: A consumer driven document in which the consumer decides what issues to address in a crisis, which people will be enlisted for support during the crisis, and who will get a copy of the plan. This is a non-legal binding document.

Licensed Hospice Program: A health care program that provides coordinated services for an individual diagnosed with disease/condition with a terminal prognosis. These services are rendered at home or in an outpatient or institutional setting that is licensed under article 17 of the Public Health Code. (PA 368 of 1978).

Patient Advocate: An individual designated to exercise powers concerning another individual's care and medical or mental health treatment, or authorized to make an anatomical gift on behalf of another individual, or both. This person is identified in an advance directive/durable power of attorney as the individual with the ability to act on behalf of the signer in enacting decisions about the signer's medical or psychiatric care if the signer becomes unable to make medical or psychiatric care decisions for him or herself.

Sound Mind: Having an understanding of one's actions and reasonable knowledge of one's family, possessions and surroundings.
